About the Course

In the ever-evolving field of public health, the digital shift has been remarkable. The COVID-19 pandemic emphasized the critical role of Digital Health, prompting a swift adoption of digital tools in healthcare. Recognizing the growing demand, Empower offers a unique training programme to upskill learners in the domain of Digital Health. This online programme has been developed in collaboration with UNITAR (United Nations Institute for Training and Research).

Join us to lead the way in utilizing technology for better global health outcomes. Our comprehensive Digital Health Course empowers you with the knowledge and skills to navigate the intersection of healthcare and technology. This is an affordable and accessible programme, tailored for professionals in diverse settings.

Programme Highlights

1.	Online course supported by regular live faculty sessions
2.	Curriculum designed by industry experts and senior academics
3.	Access to the latest books and reading materials from renowned authors and publishers
4.	Live interactive sessions with experienced subject matter experts
5.	Mentorship by Empower faculty and industry experts

Eligibility Criteria

Graduates with a recognised Bachelor’s degree from any discipline, or working professionals interested in upskilling and career progression.

About us

Empower School of Health is a global health academic research and capacity-building institute dedicated to empowering individuals, institutions, and communities. With a diverse team of health professionals, designers, and technology experts, Empower School of Health has delivered impactful global health courses to learners from more than 40 countries and 250+ organizations, working alongside UN agencies, Ministries of Health, public health organizations, international NGOs, and donor agencies.

Established in 1965 by a UN resolution, the United Nations Institute for Training and Research (UNITAR) is an autonomous body dedicated to enhancing the effectiveness of the United Nations through training and research. As a key partner of Empower School of Health, UNITAR strengthens the learners' experience by providing a structured virtual internship that enables the application of knowledge in real-world institutional settings. The partnership with UNITAR also prioritises accessibility, offering scholarships with a focus on women and professionals from government and civil society organisations in low- and middle-income countries.

Empower is accredited by the Accreditation Service for International Schools, Colleges and Universities (ASIC). The Institution has earned Premier status with ASIC for its commendable areas of operation. ASIC is recognised by UKVI in the UK, is a member of the Council for Higher Education Accreditation (CHEA) International Quality Group (CIQG) in the USA and is listed in their International Directory, is a member of the BQF (British Quality Foundation) and are institutional members of EDEN (European Distance and e-Learning Network).

FIBAA is recognised by Germany's Accreditation Council and Switzerland's HEdA (The Higher Education Funding and Coordination Act), the European Quality Assurance Register (EQAR) and the European Association for Quality Assurance in Higher Education (ENQA). Empower Swiss, SARL (Empower School of Health) is awarded the FIBAA quality seal for Excellence in Digital Education.
